A. Please comment on the following areas and be as specific as possible:

1. What are the instructor's teaching strengths?

- have no idea
- He explains things very well.
- Wants to provide help.
- 1 blank answer(s).

2. How can this instructor improve as a teacher?

- Create a more welcoming environment during class for students to feel comfortable sharing ideas or writing on the board.
- first, stop screaming in class second, stop begging students to give you a good evaluation third, stop crying that some problems are too hard
- I have no complaints.
- 1 blank answer(s).

3. Any other comments about this course?

- i don't do homeworks for grades, so when TA says that he will give a full credit for writing ANYTHING, that discourages a lot! some problems are too hard for this guy, and some problems are too easy, either way he wouldn't explain a complete solution Discussions turned into HW problem solving sessions. I'd rather see how to do SIMILAR problems so I can go home and do the homework, instead of him giving us half of a solution. Overall terrible experience... Liked the previous TA more.
- Yuki was very devoted to his job. He attended lecture basically everytime it was offered.
- 2 blank answer(s).
